Subject: Ministry Update - June 2011

Monthly Update

June 2011

The Carpenter's Project is an Independent Baptist ministry dedicated to church planting and church growth in closed countries

John & Sue Conrad

Kerry & Barbara Copeland

"Water cannot rise any higher than its source, nor can the mission overseas be any stronger than the supporting church at home... Throughout history, revival at home and missions abroad have always gone together."
J. Herbert Kane

Join Us in a Night of Prayer for Revival

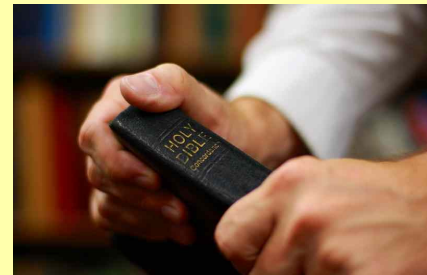

*Is it not written,
My house shall be called of all nations the house of prayer?*
Mark 11:17

Revival is the church's greatest need. Prayer is the power that brings revival.

We are asking churches all over the world to take a few hours during the evening of **July 15th** to **pray for revival**.

We are extending this invitation to churches in nearly every time zone, and our hope is that the Lord will hear a concert of prayer from His people that evening.

Already churches in Africa, Asia, and other parts of the world have

**If my people, which
are called by my
name,**

In the absence
of revival and of
a healthy church life,
missionary interest
and effort alike,
anguish.

*S M Houghton, from
Sketches from Church
History*

**shall humble
themselves
and pray, and seek
my face,
and turn from their
wicked ways;**

A mighty revival
in the church
is the fundamental
need of the hour.

When it comes,
the problems of
missionary recruits
and support will be
solved.

Robert Hall Glover

church join us? If you will, would you reply and let us know?

Haiti: Construction Underway

Missionary Rodney Fitzsimmons hoped to have the construction of the church at St Michel completed by now, but the poor roads, and now the rainy season are proving a challenge in getting the materials to the work site.

Progress on the church as of June 9th

They are praying that the building will be usable by the end of this month. We praise the Lord that the church continues to grow, and more benches will need to be built than originally planned.

Your gifts have made a difference in the country of Haiti. This is the seventh church that you've helped, and in each one, they continue to see steady growth.

Myanmar: Answered Prayer

Through your gifts, a new church building will replace one that is literally falling down. It is now the rainy season in Myanmar, and the congregation is meeting in the old building that leaks through both the roof and walls.

Since this will be a tear down and build project, we need to wait until the summer rains end. When finished late this year, the new building will be two stories. The first floor will be the church, and the second floor will have an apartment for the pastor.

Most of the people of the church live in a slum area near Yangon. Many come from Buddhist and Muslim backgrounds. They are very poor, but rich in spirit.

This is the old building of Samaritan Baptist Church. It will be replaced with a new one later this year.

heaven, and forgive their sin,

In every revival there is a reemphasis of the church's missionary character.
John Shearer
Old Time Revivals

and will heal their land.

2 Chron 7:14

Haitian Crusade

Every revival in the homelands is felt within a decade in foreign mission fields.
J Edwin Orr

When we told the pastor that you gave funds to reconstruct the building, we received this email:

We really thank God for His wonderful provision. We appreciate your efforts in raising funds on behalf of needy churches in our country. We are rejoicing in the good news, and want to extend our gratitude to all who gave and prayed for this project.

Your gifts are making a difference in reaching the lost of Myanmar for Christ. When finished, this will be the 25th church you've assisted in that country. Thank you so much!

Testimony of a Church Planter

The following is the testimony of one of the church planters in Africa that is supported through the Timothy Project. Although English is his second language, and his spelling and grammar is weak, we chose not to edit his testimony.

Before I come to the Lord I was as any world person I was so miserable in my life. Of course I was a controversial man and aggressive . Not only this I was a man who said, there is no God who do not have a believing heart who walk in the darkness denying the living God by saying why he allowed me to be Deaf. I did all bad thing against God.

The friend of main one day told me one strange story about the Lord Jesus Christ and what he did at the cross it was interesting, and he took me to the church for the Deaf.

I heard the word of God in my heart seriously something happened in my life which I can not describe at that moment I accepted Jesus Christ as my personal savior since then all my life changed by the spirit of God. God spirit through his word reached my heart all my life, my thought my direction became new.

After I got saved I become burdened to tell to others about the savior and what he did for me and them. Witnessing about Jesus Christ become part of my life.

After My seven years informal service to my church my pastor who sow my devotion to preach the gospel have asked me to serve as an Evangelist . Right away I accepted his invitation because it was in my heart to be a preacher . I had a call from the Lord and I was praying to be accepted by the church . God gave me spacial burden to the lost that is why I am serving him as evangelist for the last six years . In fact he spoke to my heart Matthew 28:19-20 in a very special way .

Since I been sent from the church as an evangelist many deaf

received the Lord as their personal savior and I have planted two churches for the Deaf .

Through your contributions, the Timothy Project supports 13 other church planters in five countries. Pastors in this program are temporarily supported for just five years until their church can support them on their own.

Please reserve the evening of July 15th to pray for revival. If you will, would you let us know?

Thank you for being the Carpenter's friend.

John Conrad.
